

Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Attention: 401 Coordinator

Project Applicant	Dana Zertuche – Santa Barbara County Flood Control District
Applicant's Agent	N/A
Project Name	Updated Debris Basin Maintenance Plan
Receiving Water	Various water bodies in Santa Barbara County
City/County	Santa Barbara/Santa Barbara
Public Notice	9/29/08 to 10/20/08
Project Description	<p>The purpose of this project is to maintain the debris basins so they can retain the maximum amount of debris possible while allowing biological resources to exist at the basin sites.</p> <p>The project activities include: clearing vegetation and debris from the basins, establishing and maintaining a 15-foot wide pilot channel, eradicating non-native plants through brushing and herbicides, maintaining inlet and outlet works, and removing sediment once the design capacity has been reduced by 25 percent.</p> <p>No compensatory mitigation was proposed for this project.</p> <p>An Environmental Impact Report was prepared for this project. State Clearinghouse No. 20011031043</p>
